

ECE 345 / ME 380
Introduction to Control Systems
Problem Set #0

Dr. Meeko Oishi

Due August 20, 2020 at 3:30pm

Most assignments will require that you produce a .pdf file and upload it to Learn. The purpose of this assignment is to practice this. Please use the naming convention `PS0-LastName.pdf` when you upload the completed document.

If you plan to use your phone to take a picture of the document, **please use scanner software** (available through Google Docs on Android phones, and many free options available on the web) to create an image of comparable quality to that from a photocopier scanner.

1. True or false? The Zoom link for synchronous sessions is the same as the one for student drop-in hours with Dr. Oishi.
2. Students are encouraged to use the _____ channel in Microsoft Teams for class-related questions and comments.
3. The preferred method of contact for Dr. Oishi outside of synchronous sessions is _____.
4. In preparation for synchronous sessions, students may need to:
 - (a) Respond to a poll in the _____ channel in Microsoft Teams
 - (b) Watch specific videos and complete specific quizzes, described in the _____ located on the Course Home page in Learn.
5. According to the syllabus, the participation grade accounts for _____% of the final grade.
6. The opt-out deadline for online access to the Nise textbook is _____.
7. According to the syllabus, asking something like _____ is a good alternative to asking “How do you solve this problem?”
