Question 1

1 out of 1 points

The first step to plotting a root locus is...

Selected Answer: Plot the open-loop poles and zeros

Question 2

1 out of 1 points

True or false? A real-axis segment bounded by two poles means that the locus starts at one pole and ends at the other pole.

Selected Answer: False

Question 3

1 out of 1 points

A real-axis segment bounded by a pole on one side and a zero on the other must...

Selected Answer: Be a branch that starts at the pole and ends at the zero.

Question 4

1 out of 1 points

True or false? The centroid of the asymptotes must lie on the locus.

Selected Answer: False
