Question 1

1 out of 1 points

Which of the following statement(s) show the state transition matrix?

Selected Answers: e^{At}

$(sI - A)^{-1}$

Question 2

1 out of 1 points

True or false? The state transition matrix appears in the equation describing the output response.

Selected Answer: True

Question 3

1 out of 1 points

Which of the following statement(s) correctly describe the relationship between the state response, the forced response, and the natural response?

Selected Answer:
The state response is the sum of the forced response and the natural response.

Question 4

1 out of 1 points

True or false?

The Laplace transform of the state transition matrix is $\mathcal{L}\{e^{At}\} = (sI - A)^{-1}$.

Selected Answer: True
