

ECE 514: Nonlinear and Adaptive Control

Discussion Forum #7: Pressing Questions

Dr. Oishi

Individually completed work due Tuesday, April 30 at 11:59pm

Jointly completed work due Thursday, May 2, at 11:59pm

This collaborative exercise will occur over two weeks. We will complete the first part of the exercise this week, and conclude it next week (during Module 8).

1. **Individually completed work:** In Discussion Forum 7.1, post the three most pressing questions you have about any of the material covered in Module 5 – Module 6 (e.g., material after Midterm 1).
2. **Jointly completed work:** In Discussion Forums 7.2A or 7.2B, as appropriate, work with your group members to pick the three questions from the list in Discussion Forum 7.1 which your group believes are *most important*. In your discussions, please be clear regarding *why* you believe questions are important, and feel free to characterize ‘important’ as you see fit. Refine and re-phrase the questions if needed to succinctly capture your group’s interpretation. *Note that you do not need to answer the questions you select.*
