The Cyber Killchain

# The Problem

What do attackers do?

Is it repeatable?

Is there a pattern?

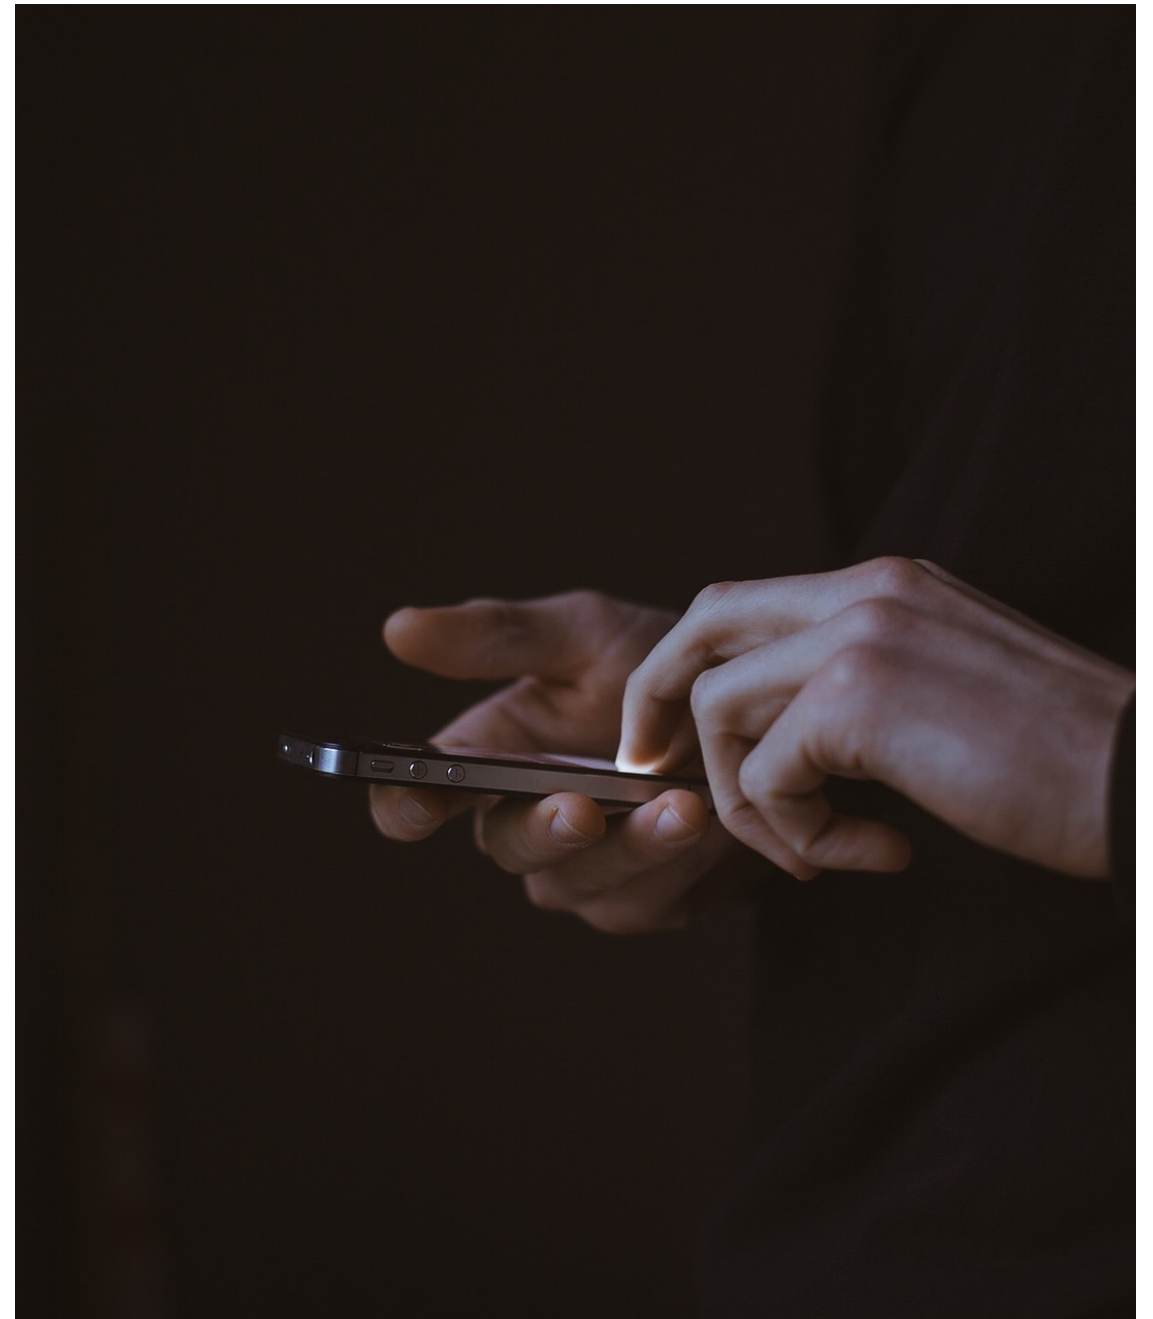

# There are common things!

## ATTACKERS LIKE TO

---

- ▶ ...look around
- ▶ ...hang around
- ▶ ...get control
- ▶ ...get paid

A fighter jet is silhouetted against a bright light at the end of a long, arched hangar. The hangar's interior is filled with a complex network of metal trusses and beams, creating a series of repeating arches that lead the eye towards the aircraft. The lighting is dramatic, with the hangar being dark and the light source at the far end creating a strong backlight effect on the jet.

# The original kill chain

*find - fix - track - target - engage - assess*
